Mustang Liniment

owes its success to its power of penetration. There is nothing marvellous about its curative powers. It is simply a few common sense ingredients combined in a way to make penetration possible and insure a cure.

Refresh Your Memories

The most curious feature of the free silver discussion that is going on in the country, is the ignoring of certain palpable facts, in the history of the free coinage of that metal in this country.

To listen to these gentlemen of light tongue and ready pen, who are denouncing the so-called demonizing act of 1873, an ignorant person, one not acquainted with the facts, would suppose that ever since 1873 the coinage of silver dollars had been utterly throttled by the authorities of the United States, and the wishes of the advocates of free silver insulted and utterly ignored by the so-called gold bugs of the United States. Not one of these dishonest apostles of the free coinage of silver has the candor to tell the people of the United States that from 1878 to 1890, a period of twelve years, the coinage mills of the government were constantly employed in the coinage of silver dollars of 42½ grains, the exact weight of the "dollar of the daddies," at the rate of \$2,000,000 per month, and during that period of twelve years the government was doing for the silver mine owners what it did for no other class of citizens whatever, that is, to furnish to them a certain market for more than \$2,000,000 worth of silver bullion per month.

The result of that favoritism toward the silver mine owners, by which the taxpayers of the United States were taxed for a period of twelve years, in order to pay the purchase price of this silver bullion at that vast amount, 144 times \$2,000,000, was that the silver dollars so coined had been piled up in the treasury vaults as useless for commercial purposes as if they were uncoined bullion. A very small fraction of the \$2,000,000 silver dollars, so coined in the twelve years between 1878 and 1890, under the Bland Allison act, were gotten into circulation, and the remainder is in the government vaults, entirely useless as coined money.

The very men who are clamoring for the government to order up the coinage of all the silver bullion that may be carried to the United States mints do not want it after it is coined. The farmers and contractors, who furnish the army with all kinds of forage and other supplies; the cattlemen who supply the Indian agencies with beef cattle, and the millmen, who supply those agencies with flour, refuse to take these silver dollars in payment of the obligations due them.

That experience alone with these millions of silver dollars ought to serve as a convincing object lesson in this discussion, and the facts, as they are, ought to cause the American laborer, farmer and farmer, to pause before he commits himself by his ballot to a financial system, which will drag our currency to the level of that of Mexico, Japan and China, and reduce the wages of labor to the level to which free silver coinage has dragged them in the countries named.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and excite, but acts as a tonic and alternative, acts mildly on the stomach and bowels, adding strength and vigor to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an invigorant, appetizer and aids digestion. Old People find it just exactly what they need. Price fifty cents per bottle at Clark O. Proulx's drug store.

Newspapers in the Campaign.

In the present campaign, the newspapers will be the greatest of educators, in teaching the voters of the land the proper way to view the political questions of the day. The Republic of St. Louis, in without doubt the most able instructor published on the Democratic side, as it explains in almost every issue, by editorial or learned article why the mass of the people should vote for the Democratic Presidential candidate. In addition, it prints all the news of the doings of both parties and all the speeches of statesmen. The Republic is only \$0 a year, \$1.50 for 3 months, or 50 cents a month by mail. Send Weekly Republic \$1.00 a year.

Sick-poison is a poison which makes you sick. It comes from the stomach. The stomach makes it out of undigested food.

The blood gets it and taints the whole body with it. That's the way of it. The way to be rid of it is to look after your digestion.

If your food is all properly digested there will be none left in the stomach to make sick-poison out of.

Your stomach is too weak to seek to this properly by itself, help it along with a few doses of Shaker Digestive Cordial.

That's the cure of it. Shaker Digestive Cordial is a delicious, healthy, tonic, made of pure medicinal plants, herbs and wine. It is positively the best tonic known, and prevents the formation of sick-poison. At druggists. Trial bottles 10 cents.

Dr. A. P. Sawyer, Sir: After suffering about four years with indigestion, I was persuaded by a friend to try your Family Cure, and after using it a few days, I can say I am entirely well. I can recommend this medicine to all who are afflicted with indigestion. Yours truly, Robert Montgomery, 18th Branch Co., Mich. Sold by T. S. Hinde.
